COMPLETE GUIDE TO GARDENING

COMPACT
disc
CD-ROM

INSTALLATION INSTRUCTIONS

For the MPC:

Note to Windows 95 users: Autoplay has been implemented on this disc.

- 1. Place the compact disc in the CD caddy (if your drive requires it) and insert the disc into the drive.*
- 2. Select File then Run (Windows 3.1) or Start then Run (Windows 95).*
- 3. Type in d:\setup.exe (where d: represents the letter of your CD-ROM drive).*
- 4. Answer all installation questions that appear on the screen, and the program will create an icon for the title once the installation is complete.*
- 5. To run the program: Windows 3.1 users, double-click the title's icon in the Multicom program group. Windows 95 users, choose Start, then Programs, then Multicom, then Healthy Cooking Deluxe.*

For the Macintosh:

Complete step 1 (as explained above), double-click on the "Read Me First" icon, and follow the indicated installation instructions.

Additional Information:

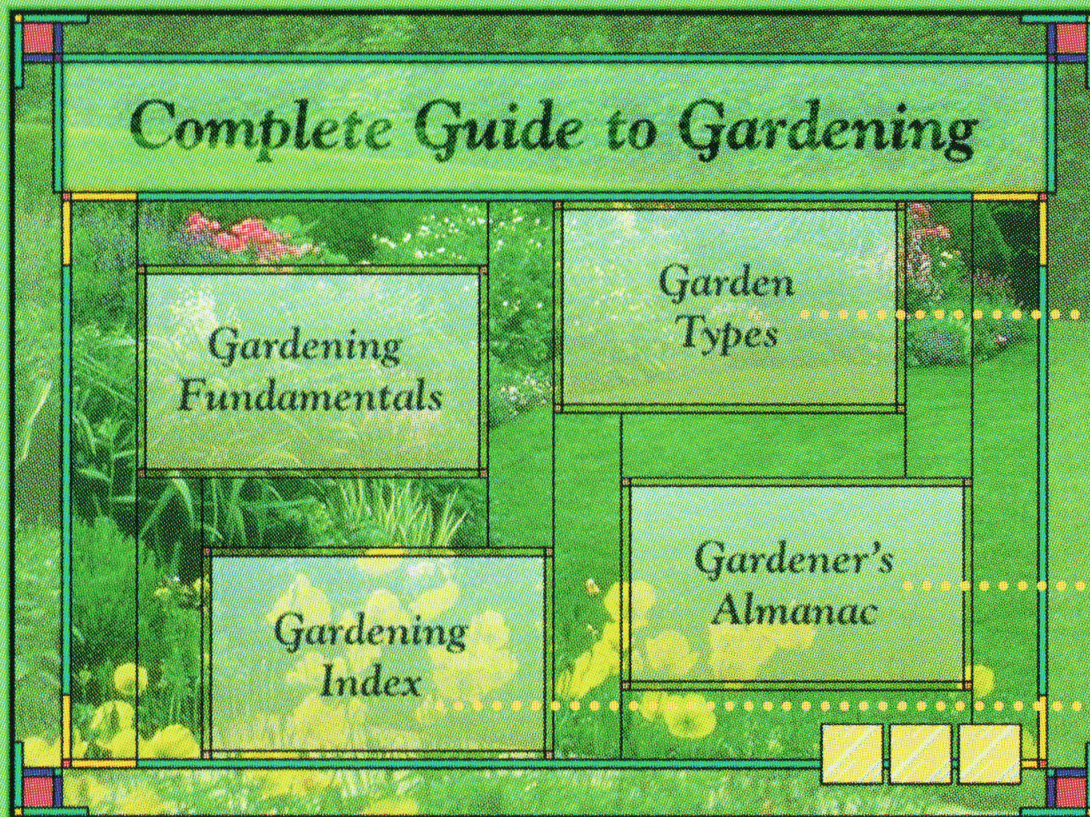

For technical notes and additional information, please consult the "Readme" file included on your CD-ROM. For operating instructions, use the online "help" or reference function featured in the program or this manual.

Free Technical Support:

If you have any technical questions regarding this title, please call Multicom at (206) 622-5530 or (800) 850-7272. Support is available Mon. through Fri. 7:30 a.m. to 7:30 p.m., Sat. 9:00 a.m. to 5:00 p.m., and Sun. 10:00 a.m. to 4:00 p.m. (Pacific Standard Time).

ALMANAC

The Almanac gives you the opportunity to keep a Gardener's Notebook, to record important supply lists, planting schedules, progress reports, or whatever messages you need to ensure that your garden is a success. Built-in "Seasonal Reminders" appear as pop-up messages, providing an extra source of information to put to work for you. Add your own messages to remind you about upcoming gardening events.

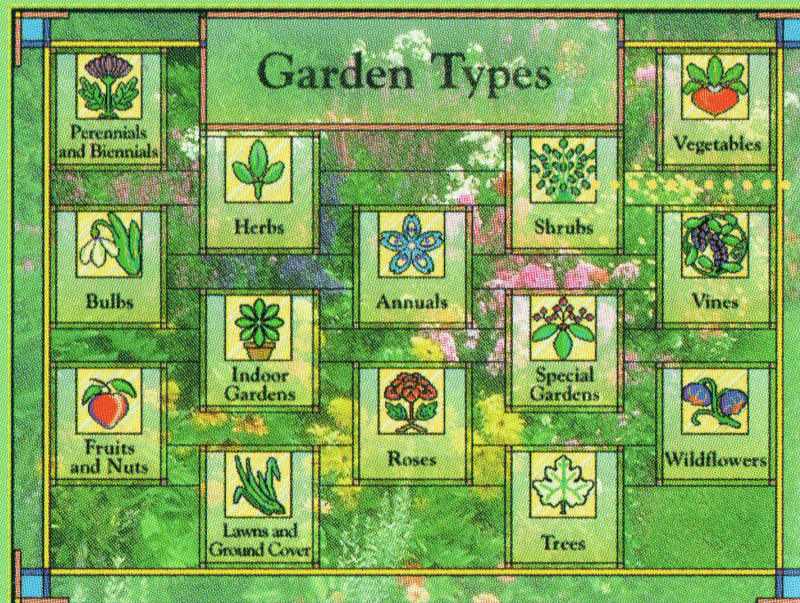

MAIN SCREEN

From the Main Menu you can navigate to Garden Types, Gardening Fundamentals, the Gardener's Almanac, or a complete Index of every category on the disc. Click on the Main Menu button from anywhere in the program to return to this main screen.

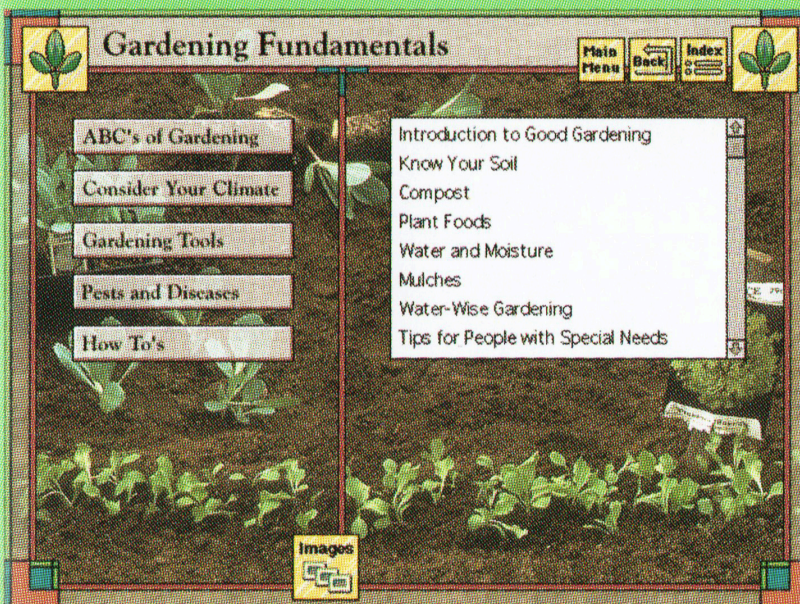

GARDEN TYPES

The Garden Types screen presents a selection of 14 images which represent distinct garden styles. For example, you may wish to explore rose, herb, vegetable, or flower gardens. Click on any of these tiles to discover specific information and advice about your selection. You may then wish to conduct database searches using such criteria as soil or light requirements, plant color or height, and pest and disease control.

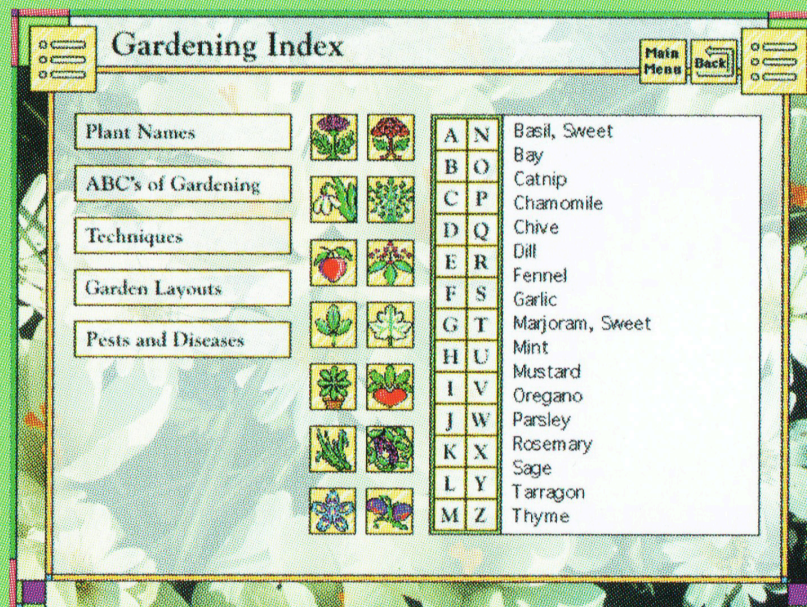

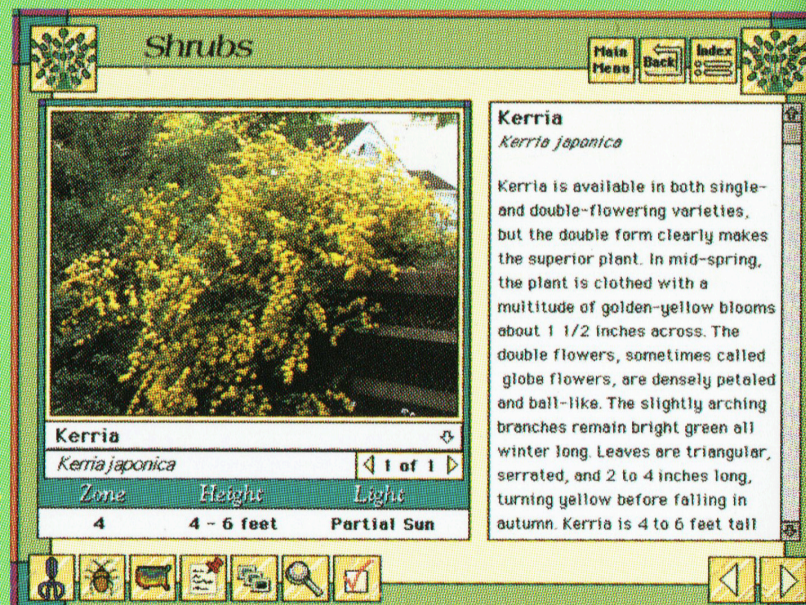

FUNDAMENTALS

If you need a comprehensive reference on gardening techniques, *Fundamentals* is an excellent tool. Here you will also find authoritative advice on soil conditions, climate concerns, remedies for pests and diseases, and even design suggestions for your own garden. Simply click on the topic or program area you wish to explore.

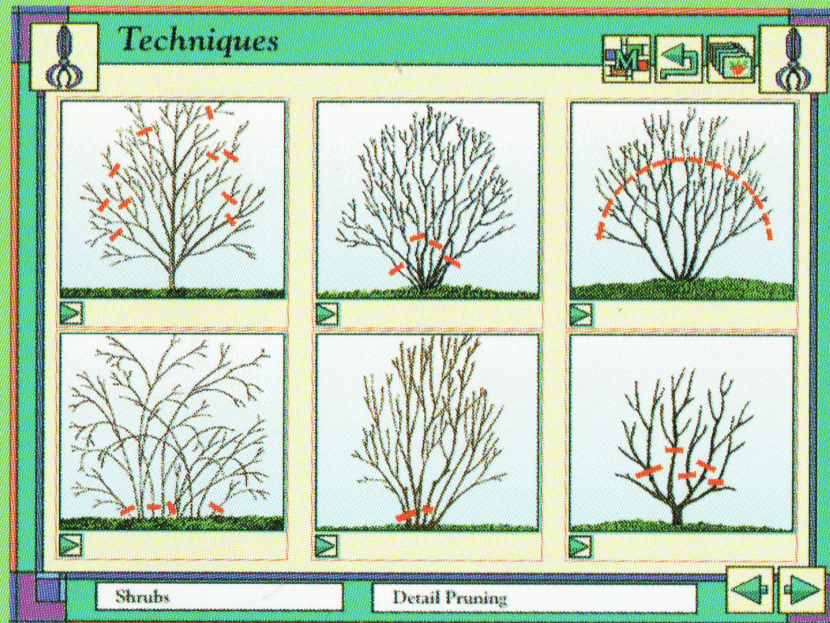

SPECIES LEVEL

Once you have chosen a particular species of plant, you may click on the icons below the main screen for specific information about pest and disease control, tools, planting techniques, and much more.

INDEX

You will discover every feature of Guide To Gardening listed in the Index for quick reference. Click on any Index subject in order to find that section of the program in a flash. Please note that you may also select any of the 14 garden types by clicking on the appropriate icon.

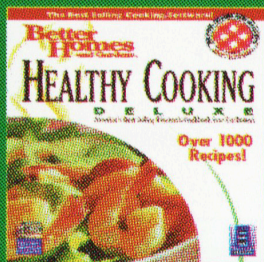

VIDEO AND SLIDE PRESENTATIONS

Instructional video and slide presentations offer another fresh perspective on the best gardening techniques and tools of the trade. Click on the Play icon to begin the show. Click on the Text icon for explanatory text.

GLOSSARY

"Hot words" appear in red in the comprehensive Glossary. Click on these words to navigate to the section that most pertains to the meaning of that term.
